

# Full Colour Premium Stationery INTRODUCTION

equest® is an exclusive range of FSC paper and board which is hailed in the industry as a benchmark in terms of quality and usability. It has unique features which have helped establish it as a market leader.

## Quality

equest® sets the standard in terms of sheet smoothness and whiteness. equest® is guaranteed Inkjet and Laser compatible and is great to work with. It makes a definite statement when it arrives on someone's desk or is presented as a Business Card.

Being fully FSC compliant means that it can bear the FSC logo to signal that the company presenting the Business Card, Letterhead or Compliment Slip really cares about the environment and has made a positive contribution.

## Unique Features

equest® is the only material which is not only watermarked on Letterheads but also on every Compliment Slip. With other brands, where the Compliment Slips are printed on Letterhead paper the watermark ends up being only on every third Compliment Slip - rather disconcerting for a 'quality' product. With equest® you can be sure that every slip will be watermarked like every other.

The matching equest® Business Card stock is a solid 400gm. This means you can now have fabulous stationery and impressive Business Cards at the same time.

The advent of equest® means that the flimsy Business Card compromises that previously undermined quality presentations are in the past!

## equest® Throughout

equest® can form the start and finish of your printing. The 400gm Business Card material can also be specified for Invitation Cards and Postcards (see page 25) and the same equest® quality can be chosen for your Envelopes (see pages 28 & 29) and Corporate Booklets (see page 62).

Image is important, make sure you present your business in the best possible light.

**Please Note:** 400gm equest, equest Envelopes and equest Booklets are not watermarked. Letterheads and Compliments Slips may be specified with no watermark for a 10% uplift in price.

## Further Information

### Turnaround

Times quoted are from receipt of full payment and complete, print ready, PDF artwork. Designs with heavy ink coverage may take longer to dry and we reserve the right to extend turnarounds in such cases.

### Artwork

Important artwork preparation information can be found on pages 101 - 105.

### Finishing Options

For a key to Finishing Options and pricing please use the throw out on page 106. Tinted finishing icons indicate that particular operation is not possible on that product size. **Please Note:** We do not laminate equest®. We can crease equest® ready for folding, however, please be aware that cracking can occur through coloured print on the folds.

### Special Print Option

Hexachrome and Metal FX printing is available at a premium over Full Colour Printing with additional turnaround. Please see page 105 for details and examples.

## Bespoke Sizes

If the particular size you require is not listed then we can produce Bespoke Sizes. Simply price the next size up. For example, a 279mm x 198mm video sleeve will be priced as an A4 (297mm x 210mm). Please specify your required size at the time of order and we will trim free of charge.

## \*\* Multiple Orders

Where you have a requirement for more than one item of the same material, size and quantity you may take the following Multiple Order Discounts: For up to two items -5%; for up to four items -10%; for up to six items -15%; for seven items or more -20%.

## Carriage (Applicable on delivered items only)

Please calculate the carriage costs by adding together the green carriage codes for each product ordered. When you have the sum total please refer to the carriage table on page 106 to obtain the carriage cost. Full carriage details can be found on page 107.

Alternatively please confirm the cost at the time of ordering.
